Each T Card records a Task, before you can create your T Cards you must design a T Card Template – a list of the information you want recorded on each T Card

To design a T Card click Design Board and Create Template. Each T Card can have up to 40 lines.

Congratulations you have a fully working WebTCards system

- Now try some of our advanced features
 - To sort the T Cards automatically on your Board or to allow others to access your Board securely, click design Board and then Advanced Options
- See what you can do with your WebTCards System
 - Set your T Card colour to change automatically using the T Card Template List data type
 - Filter Board
 - Find T Cards
 - e-mail T Card
 - Graphical summaries with Key Performance Indicators
 - And so much more
